Harald 3 | Fabric from Kvadrat

A closely-woven, very short-pile velour, Harald brings the fresh, soft texture of cotton to a directionless velvety textile. The intense colour offered by this matte velour places the focus strongly onto the silhouette of the up-

holstered object, emphasising its shape and contours. Originally designed by Fanny Aronsen, Harald comes in a new colour palette conceived by Raf Simons offering a particularly large selection of vivid keynote tones,

including primrose yellow, burnt orange, raspberry, lavender, aubergine and dark mint green, alongside more natural tones. Harald is a durable fabric suitable for use as curtains as well as in upholstery.

Maple | Fabric from Kvadrat

Aero-finished and therefore extremely soft to the touch, Pine and Maple are made with three tone-in-tone coloured yarns. The viscose used in their construction gives them a distinctive shimmer, which deepens according

to the light and the perspective of the viewer. Pine is flat-woven and has a subtle striated look. Maple is woven with a chenille yarn and has a soft pile that reveals the structure of the weave. Foreign fibres and small clusters

of colour may appear on the fabric's surface adding to their slightly irregular, casual expression.

Re-wool | Fabric from Kvadrat

Crafted using 45% recycled wool, Re-wool is a rich upholstery fabric with a sustainable profile. The fabric is partly made by reusing scraps from Kvadrat's yarn spinners in the UK. It is designed by Margrethe Odgaard. 'The

idea was to create a both honest and environmentally friendly – fabric with a poetic feel by recycling leftover material from Kvadrat's own production', explains Margrethe Odgaard. Reminiscent of colourful stitchings on a

darker background, Re-wool features exceptional depth of colour, creating a dynamic play on the fabric's surface when applied to furniture.

LEATHER

FROM SØRENSEN LEATHER

DUNES | Leather from Sørensen Leather

The DUNES collection has received the Nordic Swan Ecolabel. A highly-respected certification verifying that it meets their rigorous requirements regarding the environment, use of energy and resources. A special process involving sanding, buffing and applying a special type of leather oil to the surface gives it that almost velvety

touch. At the same time, DUNES boasts a matt look that's raw with a touch of understated elegance. Part of DUNES' extra appeal are the subtle, natural markings which bring a unique personality to each hide. The five colours we feature will also vary from hide to hide and with each individual hide. Watch for a delicious patina

that will appear over time as a result of the leather's exposure to daylight, interior lighting and usage. In fact, the more you use DUNES, the more the leather becomes shinier and smoother.
